KCD School and DHC Provided Warm Clothing for Children

Hundreds of Louisville children and teens don't have jackets to keep them warm through this cold winter season. The partnership of Kentucky Country Day School and Doctors for Healthy Communities (DHC) are preparing to meet this need, thanks to a donation drive on the school's campus, December 17th.

Warm Hands, Warm Heads, Warm Hearts Charity Drive in Action

Special thanks to Pam and Rachel Platt for giving an opportunity to support the Family Scholar House's Warm Hands, Warm Heads, Warm Hearts drive. Doctors for Healthy Communities (DHC) supported this noble initiative with a humble donation of mittens, gloves, scarves and hats for children, tweens, teens, and adults who are participants at Family Scholar House.

"A joy that's shared is a joy made double." Please share the joy of the season with fellow citizens by supporting any noble cause of your choice.

Dr. Babar Speaks at Governor's Inauguration Event

Thank you to Governor Andy Beshear and his transition team for allowing Dr. Babar to speak words of compassion and inclusion on such an important day.

DHC Supported JCPS' Adopt A Family Winter Program

Doctors for Healthy Communities proudly supported the Jefferson County Public Schools "Adopt A Family" Winter Program held December 6th. This is a great opportunity to make a difference in the lives of families in need by providing Christmas presents to needy families.

Camp Taylor's December Blessings in a Backpack

December 5th saw Blessings in a Backpack come again to Camp Taylor Elementary School. Thank you to all our volunteers and service staff who continue to make this event a success. Happy holidays! We couldn't do it without you!
