

March 2021

Bid in DHC's Silent Auction Before It's Too Late!

DHC's Virtual Silent Auction "A Bid for Health Equity" ends at 5 p.m. EDT today! Don't miss your chance to win some amazing items and support our work in the community at the same time.

This fundraising effort was coordinated by the wonderful team at Ignite Louisville who have dedicated themselves to taking DHC to the next level. **All proceeds will go directly to the service of children and families in underserved communities across Louisville.** Click the button below to get started!

Make A Bid Today!

DHC is Quenching Louisville's Thirst!

The month of March has been dedicated to supplying local schools and facilities with reusable water bottles to ease our communities ability to stay hydrated.

In our last newsletter, we shared our deliveries to [UP for Women and Children](#), [Newcomer Academy School](#), and [Camp Taylor/Audubon Elementary](#). We're proud to announce that the project has expanded even greater.

Throughout the month of March, we also donated water supplies to [Portland Elementary](#), [Knight Middle School](#) and the [Department of Juvenile Justice](#). Thank you to all of the staff and volunteers who made this possible.

We also must thank the students of [Kentucky Country Day School](#) who collected reusable water bottles alongside DHC to assist others in need. This was a great team effort by countless individuals.

Support DHC Through Kroger's Community Rewards Program

DHC is now a proud participant in the Kroger Community Rewards Program. This program allows you to support Doctors for Healthy Communities initiatives simply by shopping for groceries!

Go to www.kroger.com and create an account. Register your Kroger Rewards Card, and then go to the "Community Rewards" page in the "Savings" dropdown menu. Then, search for DHC's non-profit number, which is YK518, and click Enroll!

It's that easy. Your Kroger shopping will go to support the great work our volunteers do to support families throughout Kentucky.

School Supplies Delivered to Ashland Elementary & duPont Manual

Doctors for Healthy Communities volunteers delivered school supplies to to [Ashland Elementary School](#) on March 12th to help the facility prepare for in-person learning.

More recently, DHC volunteers stopped at [duPont Manual High School](#) to donate art supplies. We're proud to support creativity and expression as well as the fundamentals of education. Thank you to all who made this possible!
