

August/September 2021

## Health Screening Physicals for Afghan Refugees

DHC volunteers and other local physicians performed screening physicals for newly arrived Afghan Refugees at the Family Community Clinic on September 15, 2021. These were arranged in collaboration with Kentucky Refugee Ministries. Volunteers from Beargrass Christian Church helped transport the families to the clinic. Thank you to everyone who took part in welcoming these souls to our community.

# DHC Supported Backside Learning Center's Back-to-School Event

Doctors for Healthy Communities volunteers visited the Backside Learning Center's September 3rd Back-to-School event and had a fantastic experience.

We delivered Subway sandwiches, diapers, baby wipes, soap, toothpaste, toothbrushes, floss and more hygiene products for attendees.

DHC is very proud to be a part of this fantastic collection of non-profits, local businesses and health organizations serving the Louisville community. [Visit our website](#) to see the full list of sponsors and more photos from the event.

## Physicals Administered for Newcomer Academy Cross Country Team

DHC volunteers performed Sports Physicals for Cross Country team today at Newcomer Academy of Jefferson County Public Schools. Karen Hayse from Ky Lions Eye Foundation & Debbie Harper, RN, of DHC helped Kristi Drake (Athletic Department) screen kids for vision/vitals signs.
