

DHC Delivers Lunch to Valhalla Staff for National Nurses Week

DHC celebrated National Nurses Week by providing lunch to the exemplary staff of Valhalla Post Acute on Wednesday, May 11. Thank you to all the nurses who keep our facilities running and our patients in good care.

National Nurses Week was celebrated once in 1953, but didn't become codified specifically until 40 years later in 1993. We're very proud to stand alongside so many wonderful nurses who bring great energy and love for patients and their fellow staff members every day.

Weekly Panera Deliveries to Fight Food Insecurity

Doctors for Healthy Communities delivered Panera bagels/breakfast to Backside Learning Center at Churchill Downs (BLC) and J.O. Blanton House on the morning of Thursday, May 12 as part of Panera's Day-End Dough-Nation Program. This program by Panera allows DHC to share bread and pastries that weren't sold the previous day with local non-profit organizations, low-income housing, and shelters. Thank you to Panera for selecting DHC to be a part of this program.

BLC is an independent non-profit organization providing support and resources in a safe, welcoming environment for racetrack workers and their families. Educational support for adults and youth, health programs, human services and more are available in this community center. Learn more at <https://backsidelearningcenter.org>.

J.O. Blanton House is a low income senior living apartments facility in downtown Louisville. To learn more, visit <https://blantonhouse.com>.

DHC Builds Partnership with Newcomer Academy

DHC and Newcomer Academy have built a great partnership this school year. In recent weeks, we donated water bottles to the NA soccer team and supported the team at the last few games of the season. In addition, DHC attended the Academy's international fashion show and returned to the school

for the soccer team's medal presentation. We're so grateful for the friends we've made this year and DHC is excited to serve you again in the fall!
